SITE SURVEY FORM - STEAM

Customer:			
Address:			
Contact Person:		Position:	
Tel No:		Fax No:	
Mobile No:		E-mail Address	
Type of Business:			
Type of Machine / Equipment using steam:			
Material of Steam Heating Coil (if applicable)			
BOILER ROOM			
Person Talk To		Contact No	
No of Boiler (Running at same time)			
Boiler Capacity (ton / lbs)			
Max. Pressure (Bar / PSI)			
Operating Pressure (Bar / PSI)			
Outlet Temp (from Boiler)			
Inlet Temp (from Feed Pump)			
Total Steam Usage per Hour (ton/hr)			
Fuel Type & Fuel Cost/month			
Fuel Consumption/month (liter / m³ / kg / ton)			
Make up Water (ton / m³)			
Type of Condensate Recovery unit (pressurized/zero bar)			
Recovery unit maker/Model no)			
Setting Pressure for Return Condensate			
Production Running Hours & Working Days			
Production Output per day in ton/m², pcs, units, etc			
Steam Header Temperature			
# of Traps at Boiler Room / Size		Types of connection:	Threaded / Welded / Flange
# of Steam Traps at steam main distribution line / Size		Types of connection:	Threaded / Welded / Flange
# of Steam Traps at factory / Size		Types of connection:	Threaded / Welded / Flange
Last date steam traps were changed / how old is the existing steam traps			
Feed Tank Temp (Degree Celcius)		Inlet Temp (Celcius) :	Outlet (Celcius) :
